## "FEMALE MINIMUM WAGE ACT."

## ORDER No. 21.

*Order establishing a Minimum Wage in the Fruit and Vegetable Industry.*

PURSUANT to the provisions of the "Female Minimum Wage Act," being chapter 48 of the Statutes of British Columbia, 1934, and the "Female Minimum Wage Act Amendment Act, 1935," the Board of Industrial Relations hereby orders:—

1. That where used in this Order the following expressions shall have the following meanings respectively:—

(a.) "Fruit and vegetable industry" includes the work of females engaged in canning, preserving, drying, packing, or otherwise adapting for sale or use any kind of fruit or vegetable:

(b.) "Experienced female employee" means a female employee who has worked in the fruit and vegetable industry for a period of two months:

(c.) "Inexperienced female employee" means a female employee who has worked in the fruit and vegetable industry for a period of less than two months.

2. That the minimum wage for every experienced female employee in the fruit and vegetable industry (except women to whom special licences are issued under sections 5 and 6 of chapter 48 of the said Statutes of British Columbia, 1934) shall be:—

(a.) The sum of twenty-seven cents (27c.) per hour for every hour up to ten (10) hours in any one day:

(b.) The sum of forty cents (40c.) per hour for every hour in excess of ten (10) hours and up to twelve (12) hours in any one day:

(c.) The sum of fifty-four cents (54c.) per hour for every hour in excess of twelve (12) hours in any one day.

3. That the minimum wage for every inexperienced female employee in the fruit and vegetable industry (except women to whom special licences are issued under sections 5 and 6 of chapter 48 of the said Statutes of British Columbia, 1934) shall be:—

(a.) The sum of twenty-five cents (25c.) per hour for every hour up to ten (10) hours in any one day:

(b.) The sum of thirty-seven and one-half cents (37½c.) per hour for every hour in excess of ten (10) hours and up to twelve (12) hours in any one day:

(c.) The sum of fifty cents (50c.) per hour for every hour in excess of twelve (12) hours in any one day.

4. This Order shall become effective on the 18th day of April, 1935, and shall supersede Order No. 3 of the said Board relating to the Fruit and Vegetable Industry, dated the 2nd day of May, 1934, and Order No. 3A (Emergency) of the said Board relating to the Fruit and Vegetable Industry, dated the 12th day of June, 1934, which said Orders are hereby rescinded.

##### "MALE MINIMUM WAGE ACT."

##### ORDER No. 23.

##### *Order establishing a Minimum Wage in the Occupation of Janitor.*

**P**URSUANT to the provisions of the "Male Minimum Wage Act," being chapter 47 of the Statutes of British Columbia, 1934, and the "Male Minimum Wage Act Amendment Act, 1935," the Board of Industrial Relations hereby orders:—

1. That where used in this Order the expression "janitor" means and includes every employee and every male person under the age of twenty-one (21) years employed as janitor, janitor-cleaner, or janitor-fireman.

2. That the minimum wage for every janitor shall be thirty-five cents (35c) per hour, except for janitors referred to in sections 3, 4, 5, and 6 of this Order.

3. That the minimum wage for every janitor of any apartment building containing over fifty (50) residential suites, where the janitor resides on the premises, shall be one hundred and twenty-five dollars (\$125) per month.

4. That the minimum wage for every janitor of any apartment building containing not more than fifty (50) and not less than twenty-five (25) residential suites, where the janitor resides on the premises, shall be one hundred dollars (\$100) per month.

5. That the minimum wage for every janitor of any apartment building containing not more than twenty-four (24) and not less than thirteen (13) residential suites, where the janitor resides on the

premises, shall be seventy-five dollars (\$75) per month.

6. That the minimum wage for every janitor of any apartment building containing less than thirteen (13) residential suites shall be thirty-five cents (35c) per hour for each hour of work actually performed according to an agreement in writing between employer and janitor, copies of which agreement shall be in possession of employer and janitor.

The Board reserves the right to disallow any agreement entered into under this section if, in the opinion of the Board, such agreement does not comply with this Order.

7. When a janitor works in two or more apartment buildings the minimum wage shall be based upon the rates fixed in sections 3, 4, 5, or 6 of this Order, according to the combined number of residential suites in the two or more apartment buildings in which the janitor works.

8. When a janitor resides in any apartment building to which this Order applies, there may be deducted from his wages a sum equivalent to a fair rental value for such provided accommodation in proportion to the rental value of the other suites in the said apartment building.

Provided, however, that not more than twenty dollars (\$20) a month may be deducted from his wages for a suite of two (2) rooms and bathroom, and not more than five dollars (\$5) per month may be deducted from his wages for each room in excess of two (2) in the said suite.

In cases where the janitor is furnished with electricity and (or) gas, and the janitor uses the same, not more than the sum of four dollars (\$4) per month may be deducted from his wages for the said electricity and (or) gas, or, in the alternative, meters shall be installed and the janitor shall thereupon pay for the consumption of the said electricity and (or) gas according to the said meters.

9. This Order shall become effective on the 18th day of April, 1935.

Dated at Victoria, B.C., this 17th day of April, 1935.

### NOTICE.

NOTICE is hereby given that, under the authority of the "Plant Protection Act," chapter 57 of the Statutes of the year 1935, the following regulations have been approved by Order in Council No. 457, dated April 12th, 1935:—

### REGULATIONS.

#### KEREMEOS AND CAWSTON PROTECTION SPRAYING ZONE.

1. The following described area of land is hereby declared to be a protection spraying zone, to be known as the "Keremeos and Cawston Protection Spraying Zone," namely: All that tract of land situated in the Similkameen Division of Yale District which may be more particularly described as follows: Commencing at the south-east corner of Lot 258, Similkameen, formerly Osoyoos, Division of Yale Land District; thence north to the north-east corner of Indian Reserve No. 6; thence west to the south-east corner of Lot 2755; thence north to the north-east corner of Lot 2755; thence west to the south-east corner of Lot 112; thence north to the north-east corner of Lot 980 (S.); thence west to the east margin of Lot 111; thence north to the north-east corner of Lot 111; thence west to the north-west corner of Lot 111; thence north to the south-east corner of Lot 2963; thence west to the easterly margin of Lot 393; thence south to the south-east corner of Lot 393; thence west to the north-east corner of Lot 232 (S.); thence south to the north margin of Lot 107; thence west to the north-west corner of Lot 107; thence south to the south-west corner of Lot 107; thence west to the north-west corner of Lot 2821; thence south to the north margin of Lot 277; thence west to the north-west corner of Lot 277; thence south to the north-east corner of Lot 656; thence west to the north-west corner of Lot 656; thence north to the north-east corner of Lot 657; thence west to the north-west corner of Lot 657; thence south to the south bank of the Similkameen River; thence following said bank of the Similkameen River in a south-easterly direction to the north-west corner of Lot 2467; thence south to the south-west corner of Lot 2467; thence east to the north-west corner of Lot 1475 (S.); thence south to the south-west corner of Lot 1475 (S.); thence east to the south-east corner of Lot 1477 (S.); thence south to the south-west corner of Lot 3201; thence east to the north-west corner of Lot 555; thence following the east bank of the Similkameen River in a southerly direction to the south-west corner of Lot 276; thence east to the south-east corner of Lot 245; thence south to the south-west corner of Lot 244; thence east to the south-east corner of said Lot 244; thence north to the point of commencement.

2. For preventing the spreading of insects, pests, and diseases destructive to vegetation, all orchards, gardens, and fruit-trees within the Keremeos and Cawston Protection Spraying Zone shall be subject to inspection by any officer of the Department of Agriculture.

3. Every owner, occupier, and every caretaker of each orchard or garden containing apple, pear, or crab-apple trees situate within the Keremeos and Cawston Protection Spraying Zone shall spray or cause to be sprayed all apple, pear, and crab-apple trees owned by him or under his care or control at least four times in each year with arsenical spray composed of 1½ lb. of arsenate to 40 gallons of water, to be applied by means of an efficient spraying equipment, as follows:—

No. 1. A calyx-spray to be applied when the blossoms are falling.

No. 2. A cover-spray to be applied from two to three weeks after the No. 1 spray.

No. 3. A cover-spray to be applied from two to three weeks after the No. 2 spray.

No. 4. A cover-spray to be applied between the 25th day of July and the 6th day of August.

Provided that in any case, if in the opinion of the Minister or of any officer of the Department of Agriculture the application of the said four sprays is unnecessary, the Minister or officer may issue to the owner, occupier, or caretaker a permit exempting him from applying any one or more of said sprays.

Provided further that the Minister or any officer of the Department of Agriculture may issue to any owner, occupier, or caretaker a permit authorizing him to substitute for any one or more of said sprays such spray of a different composition as the Minister or officer may approve.

4. On or before the 1st day of September in each year the owner, occupier, or caretaker of each orchard or garden containing any apple, pear, or crab-apple trees situate within the Keremeos and Cawston Protection Spraying Zone shall forward to the Minister of Agriculture an affidavit proving compliance by such owner, occupier, or caretaker with the last preceding regulation.

5. Every person violating any provision of or failing to perform or carry out any duty imposed by these regulations shall be liable, on summary conviction, to a penalty of not less than \$50 nor more than \$100.

## ATTORNEY-GENERAL.

## "MOTOR-VEHICLE ACT."

*(Statutes of British Columbia, 1935, Chapter 50.)*

## REGULATIONS.

PURSUANT to the provisions of this Act, the Lieutenant-Governor in Council has been pleased to make regulations as follows, and to order that all regulations heretofore made under the Act repealed by the said "Motor-vehicle Act" be annulled:—

## INTERPRETATION.

## 1. In these regulations:—

"Act" shall mean the "Motor-vehicle Act":

"Beam of light" shall mean the reflected rays of light which are projected approximately parallel to the optical axis of the reflector:

"Head-light" shall mean any lamp mounted on a motor-vehicle the rays of which are projected forward, other than a spot-light or a cowl or parking light:

"Spot-light" shall mean any lamp commonly known as a spot-light which is so fastened to a motor-vehicle that its rays are projected forward.

APPLICATION OF INTERPRETATION  
SECTION OF ACT.

2. The expressions defined in the interpretation section of the Act (section 2) shall, when used in these regulations, have the same respective meanings as in the Act.

## EQUIPMENT.

3. Every person who drives, operates, or uses on any highway a motor-vehicle or trailer shall observe and carry out the following provisions as to equipment and its use; and every other person to whom any of such provisions may apply shall observe and carry out that provision:—

## NUMBER-PLATES.

- (a.) The number-plates issued by the Commissioner in respect of a motor-vehicle other than a motor-cycle shall be displayed in conspicuous places, one on the front and one on the back of the motor-vehicle, and the number-plate so issued in respect of a motor-cycle or trailer shall be displayed in a conspicuous place on the back thereof. Every number-plate shall be so fastened to the motor-vehicle or trailer as to prevent the number-plate from swinging, and shall be kept entirely unobstructed and free from dirt, and so that the numbers thereon may be plainly seen and read at all times:

## LIGHTS.

- (b.) The motor-vehicle shall be equipped with head-lights and a tail-light as prescribed in these regulations of sufficient power and so adjusted and operated as to enable the person driving the motor-vehicle to proceed with safety to himself and to other users of the highway under all ordinary conditions of highway and weather:

## HEAD-LIGHTS.

- (c.) Every motor-vehicle other than a motor-cycle shall be equipped with not less nor more than two head-lights, so constructed and adjusted as to produce light of equal candle-power, mounted one on each side at the front end of the motor-vehicle. Every motor-cycle shall be equipped with not less than one nor more than two head-lights mounted at the front thereof. No head-light shall be mounted higher than fifty inches or lower than twenty-four inches above a level plane on which the motor-vehicle stands. No head-light shall be equipped with a light-bulb producing light

of more than thirty-two candle-power or less than twenty-one candle-power:

The head-lights shall be so constructed, equipped, mounted, and adjusted that they will under normal atmospheric conditions and on a level, straight highway produce sufficient white or clear driving light to render clearly discernible a substantial object on the highway two hundred feet ahead, but they shall not project a glaring or dazzling light to persons on the highway in front of them. Where none of the main bright portion of the beam of light from the head-lights rises above a horizontal plane passing through the centres of the head-lights parallel to a level plane on which the motor-vehicle stands when fully loaded and, in no case, rises higher than forty-two inches above such level plane seventy-five feet or more ahead of the motor-vehicle, those head-lights shall be deemed to comply sufficiently with the provisions of this regulation prohibiting the projection of a glaring or dazzling light:

During the period from one-half hour after sunset to one-half hour before sunrise and at any other time when there is not sufficient light to render clearly discernible a substantial object on the highway at a distance of two hundred feet the head-lights shall be kept lighted whenever the motor-vehicle is in motion on any highway:

In case the highway where a motor-vehicle is being driven or operated is sufficiently lighted, whether artificially or otherwise, to render clearly discernible a substantial object on the highway at a distance of two hundred feet, the mere fact that the head-lights of the motor-vehicle are dimmed or that the beam of light therefrom is deflected or tilted downward shall not constitute a violation of the provisions of this clause if the head-lights are otherwise constructed and adjusted in accordance with those provisions:

Where in meeting and passing another vehicle on the highway the head-lights of a motor-vehicle are temporarily dimmed or the beam of light therefrom is temporarily deflected or tilted downward by the driver of the motor-vehicle for the comfort or safety of other persons using the highway, the mere fact that the head-lights are so dimmed or the beam of light is so deflected or tilted shall not constitute a violation of the provisions of this clause if the head-lights are otherwise constructed in accordance with those provisions, and if the head-lights when so dimmed or with the beam of light so deflected or tilted are adequate under normal atmospheric conditions and on a level, straight highway to produce sufficient light to render clearly discernible a substantial object on the highway seventy-five feet ahead:

## TAIL-LIGHTS.

- (d.) Every motor-vehicle other than a motor-cycle and every trailer shall be equipped with a light mounted on the back thereof capable of displaying a red light plainly visible under normal atmospheric conditions from a distance of five hundred feet to the rear of the motor-vehicle or trailer, and the same light or an additional light capable of conspicuously illuminating with white light the rear number-plate on the motor-vehicle or trailer so as to render the numerals thereon visible from a distance of at least fifty feet to the rear of the motor-vehicle or trailer, and such light or lights shall be kept lighted during the period from one-half hour after sunset to one-half hour before sunrise and at any other time when there is not sufficient light to render clearly discernible a substantial object on the highway at a distance of two hundred feet:

Where there is attached to a motor-vehicle for the purpose of being drawn by it any implement of husbandry, the implement so attached shall be equipped with a light mounted on the back thereof capable of displaying a red light plainly visible under normal atmospheric conditions from a distance of five hundred feet to the rear of the implement, which light shall be kept lighted during the period from one-half hour after sunset to one-half hour before sunrise and at any other time when there is not sufficient light to render clearly discernible a substantial object on the highway at a distance of two hundred feet:

Every motor-cycle shall be equipped with a red reflector of a make or design approved by the Commissioner for the purpose of this regulation, or a light mounted on the rear thereof capable of reflecting or displaying a red light towards the rear, and if equipped with a light such light shall be kept lighted during the period from one-half hour after sunset to one-half hour before sunrise and at any other time when there is not sufficient light to render clearly discernible a substantial object on the highway at a distance of two hundred feet:

No tail-light shall be equipped with a light-bulb producing light of more than four candle-power or less than two candle-power. Except in the case of a motor-vehicle operated by a fire department or by the Provincial Police Force or the Police Force of any municipality, no red light or reflector shall be carried or displayed upon any motor-vehicle, or upon any trailer, implement, or vehicle drawn by a motor-vehicle, in such a manner as to be visible from the direction in which the motor-vehicle is proceeding:

In case of a motor-vehicle or trailer which is so constructed or is so used as to make it impracticable to maintain the tail-light or light mounted on the back thereof, if the tail-light or lights are mounted on the motor-vehicle or trailer at a place approved by the Commissioner in writing in respect of that motor-vehicle or trailer, and if the motor-vehicle or trailer is equipped with a red reflector of a make and design approved by the Commissioner for the purpose of this regulation mounted on the left side of the back thereof in an unobstructed position and so that the light from the headlights of another motor-vehicle approaching from the rear would be readily reflected therein, the maintenance of the red reflector and tail-light or lights thereon at the place so approved shall be deemed to be a sufficient compliance in respect of that motor-vehicle or trailer with the provisions of this regulation requiring the tail-light or lights to be mounted on the back thereof:

In the case of a motor-vehicle or trailer which is parked or left standing on a highway, if it is equipped with a red reflector of a make or design approved by the Commissioner for the purpose of this regulation mounted on the left side of the back thereof in an unobstructed position and so that the light from the headlights of another motor-vehicle approaching from the rear would be readily reflected therein, then, notwithstanding that the tail-light or lights with which the motor-vehicle or trailer is equipped are not lighted, that motor-vehicle or trailer shall, while so parked, or standing, be deemed to comply sufficiently with the provisions of this regulation requiring that the tail-light or lights shall be kept lighted:

#### CLEARANCE-LIGHTS.

- (e.) Every motor-vehicle having a width, including the load thereon, in excess of eighty inches at any part shall carry two clearance-lights

on the extreme left side of the motor-vehicle or load, one located at the front and displaying a white or green light visible under normal atmospheric conditions from a distance of five hundred feet to the front of the motor-vehicle and the other located at the rear of the motor-vehicle and displaying a red light visible under normal atmospheric conditions from a distance of five hundred feet to the rear of the motor-vehicle. During the period from one-half hour after sunset to one-half hour before sunrise and at any other time when there is not sufficient light to render clearly discernible a substantial object on the highway at a distance of two hundred feet the clearance-lights shall be kept lighted whenever the motor-vehicle is on the travelled portion of any highway. No clearance-light shall be equipped with a light-bulb producing light of more than four candle-power or less than two candle-power:

#### ADDITIONAL PERMISSIBLE LIGHTS.

- (f.) *Spot-light.*—Any motor-vehicle may be equipped with not more than one spot-light other than a fog-light. The beam of light from the spot-light when the motor-vehicle is in motion shall at all times be directed to the right of the medial length line of the motor-vehicle, and so that the main bright portion of the beam of light shall strike the ground on the right-hand side of the motor-vehicle at a distance not exceeding one hundred feet in front of the motor-vehicle:

No spot-light shall be mounted lower than twenty-four inches nor higher than seventy-two inches above a level plane on which the motor-vehicle stands. No spot-light shall be equipped with a light-bulb producing light of more than thirty-two candle-power:

*Fog-light.*—Any motor-vehicle other than a motor-cycle may be equipped with not more than one fog-light, that is to say, a spot-light fixed to the front of the motor-vehicle not higher than thirty-six inches nor lower than eighteen inches above a level plane upon which the motor-vehicle stands and which light is so fixed that the beam of light therefrom shall at all times be directed to the right of the medial length line of the motor-vehicle and shall strike the ground on the right-hand side of the motor-vehicle at a distance not exceeding one hundred feet in front of the motor-vehicle. No fog-light shall be equipped with a light-bulb producing light of more than thirty-two candle-power:

*Auxiliary Driving-light.*—Any motor-vehicle other than a motor-cycle may be equipped with not more than one auxiliary driving-light, which shall be of a make or design approved by the Commissioner, and shall be mounted on the front thereof not higher than the centres of the headlights on the motor-vehicle nor lower than eighteen inches above the level plane on which the motor-vehicle stands. The auxiliary driving-light shall not project a glaring or dazzling light to persons on the highway in front of it. Where none of the main bright portion of the beam of light from the auxiliary driving-light rises above a horizontal plane passing through the centre of the auxiliary driving-light parallel to the level plane on which the motor-vehicle stands when fully loaded and, in no case, rises higher than forty-two inches above such level plane seventy-five feet or more ahead of the motor-vehicle, that auxiliary driving-light shall be deemed to comply sufficiently with the provisions of this regulation prohibiting the projection of a glaring or dazzling light:

Where a motor-vehicle is equipped with a spot-light, fog-light, and an auxiliary

driving-light, or with any two of them, only one of them shall be kept lighted at a time:

#### BRAKES.

- (g.) The motor-vehicle shall be equipped with brakes adequate to control the motor-vehicle at all times, and no motor-vehicle shall be allowed to stand unattended without first effectively setting the brakes thereon and stopping the motor of the motor-vehicle. Every person driving or operating a motor-vehicle on any highway shall upon request of any officer or constable of the Provincial Police Force, or of the Police Force of any municipality, permit the officer or constable to inspect and test the brakes with which the motor-vehicle is equipped, or, at the option of the officer or constable, shall operate the motor-vehicle as directed by him for the purpose of the inspection and testing of the brakes:

No brakes shall be deemed to be adequate within the meaning of this clause unless they are so constructed and adjusted as to be capable of stopping the motor-vehicle when operated on a dry, hard, level highway, free from loose material, within the following distances in respect of the following speeds of the motor-vehicle, namely: In the case of a motor-vehicle exceeding six thousand pounds gross weight, within fifty feet from a speed of twenty miles per hour upon simultaneous application of both foot and hand brakes, within seventy-five feet from a speed of twenty miles per hour upon application of the foot-brake alone, and within seventy-five feet from twenty miles per hour upon application of the hand-brake alone; and in case of all other motor-vehicles, within fifty feet from a speed of twenty miles per hour upon application of the foot-brake alone, and within seventy-five feet from a speed of twenty miles per hour upon application of the hand-brake alone:

#### HORN.

- (h.) The motor-vehicle shall be equipped with a suitable horn, bell, or warning device in good working-order capable of emitting sound audible under normal conditions from a distance of not less than two hundred feet; and the same shall be sounded whenever it is reasonably necessary as a signal or warning to any person of the approach of the motor-vehicle; but no motor-vehicle, other than a motor-vehicle operated by the Provincial Police Force or the Police Force of some municipality, shall be equipped with any horn which produces a signal composed of the same or similar notes or combination of notes as the signal assigned by the Commissioner for use by the Provincial Police Force or for use by the Police Force of any municipality. No horn commonly known as a siren horn shall be carried or used on any motor-vehicle other than a motor-vehicle operated by the Provincial Police Force or the Police Force or Fire Department of a municipality or as an ambulance; and no exhaust, compression, or spark-plug whistle shall be carried or used on any motor-vehicle; and no person shall at any time sound or use the horn, bell, or warning device with which a motor-vehicle is equipped to make any unnecessary or unreasonably loud or harsh sound, or otherwise than as a reasonable warning. Notwithstanding the foregoing provisions of this clause, the Commissioner, upon cause shown to his satisfaction, may grant to any person a permit authorizing the carrying and use on any motor-vehicle specified in the permit of a siren horn for the purposes and subject to the conditions set out in the permit:

#### MUFFLER.

- (i.) Every motor-vehicle propelled by an internal-combustion engine shall be equipped with an exhaust muffler consisting of a series of pipes or chambers so proportioned and constructed as to allow the exhaust gases from the engine to expand and cool to a degree of noiseless expulsion, and the muffler shall not be cut out or disconnected while the motor-vehicle is in operation on any highway:

#### SIGNALS.

- (j.) Before turning, stopping, or changing the course on the highway of any motor-vehicle, and before turning such vehicle when starting the same, it shall be the duty of the operator thereof first to ascertain whether there is sufficient space for such movement to be made in safety, and the operator shall give a signal plainly visible to the operators of other vehicles of his intention to turn, stop, or change his course. Such signal shall be given either by the use of the hand and arm or by the use of an approved mechanical or electrical device:

When the signal required by this regulation is given by the use of the hand and arm the intention to turn the motor-vehicle toward the left shall be indicated by extending the hand and arm horizontally from and beyond the left side of the motor-vehicle; the intention to turn to the right shall be indicated by extending the hand and arm vertically with the hand pointing upward out from the left side of the motor-vehicle; when the signal to be given is to indicate the intention to stop a motor-vehicle or abruptly or suddenly to check its speed, it shall be given by extending the hand and arm out from and beyond the left side of the motor-vehicle and pointed in a downward direction:

When such signal is given by means of a device, it shall only be given by an adequate device which has been approved by the Lieutenant-Governor in Council:

No person shall sell or offer for sale such a device until it has been approved by the Lieutenant-Governor in Council:

The following named mechanical or electrical devices shall be deemed to be approved signalling devices for all purposes of these regulations:—

- “All-in-one Auto Signal:
- “Bolton Automobile Safety Signal:
- “‘Contax’ Auto Direction Signal:
- “Eural Traffic Indicator and Horn Operator:
- “Gibbs Auto Direction Indicator:
- “Gordon Signal:
- “Hiker Mechanical Traffic Signal for Motor Vehicles:
- “Ideal Direction Indicator Signal:
- “‘It’s It’ Auto Direction Signal:
- “Joe Auto Signal:
- “Johnson Auto Signal:
- “K. & M. Auto Signal:
- “Mellis Hand Signal:
- “Mitchell Safety Signal:
- “Robinson Four Way Signal:
- “Signofill Traffic Signal:
- “Universal Signal System:
- “W.S.W. Auto Signal:
- “Warn Auto Signal.”

In the case of every motor-vehicle, other than a motor-cycle, which is equipped with a right-hand drive, and which has not heretofore been registered under the Act, all signals required by this regulation shall be given by means of an approved device, and no such motor-vehicle shall be driven or operated on any highway unless it is equipped with a signalling device duly approved for the purposes of these regulations:

Any electrical device equipped with a lamp capable of displaying a coloured light in the rear of a motor-vehicle (additional to the tail-light), and operated automatically in conjunction with the foot-brake of the motor-vehicle, shall be deemed to be an approved device for the purpose of giving a signal pursuant to these regulations to indicate the intention to stop the motor-vehicle or abruptly or suddenly to check its speed:

#### WIND-SHIELD STICKERS.

- (k.) No wind-shield sticker, paper, or other obstruction shall be placed over or affixed to any part of the upper half of the glass of the wind-shield or any part of the rear window of any motor-vehicle:

#### WIND-SHIELD WIPERS.

- (l.) Every motor-vehicle other than a motor-cycle shall be equipped with a mechanical device for wiping from the wind-shield rain and snow, so installed that it can be readily operated or its operation controlled by the person driving the motor-vehicle:

#### MIRRORS.

- (m.) In the case of a motor-vehicle so constructed or loaded as to prevent the driver from obtaining a view of the highway to the rear by looking backward from the driver's position, the motor-vehicle shall be equipped with a mirror so located as to reflect to the driver a view of the highway for a distance of at least two hundred feet to the rear of the motor-vehicle:

#### FLAG OR LIGHT AT END OF LOAD.

- (n.) In the case of a motor-vehicle or trailer upon which is carried any lumber or thing which projects more than four feet from the rear of the motor-vehicle or trailer, there shall be attached and displayed at all times at the rear end of the projecting lumber or thing a red flag not less than twelve inches square, and during the period from one-half hour after sunset to one-half hour before sunrise there shall also be attached and displayed at the rear end of the projecting lumber or thing a red light.

#### TRANSFER OF MOTOR-VEHICLE LICENCE.

4. Upon receipt of the notice of transfer of a motor-vehicle transmitted pursuant to section 12 of the Act, and upon payment of a transfer fee of seventy-five cents, the Commissioner may transfer the licence mentioned in the notice to the transferee of the motor-vehicle: Provided that in the case of the sale or the transfer of a motor-vehicle registered and licensed without payment of fees in respect thereof under the provisions of subsection (4) of section 4 of the Act, no transfer of such licence shall be made to any purchaser or transferee other than a municipality or a person who has lost a limb through active service in the Great War. Where a motor-vehicle so registered and licensed is sold or transferred to any such other purchaser or transferee the current licence and number-plates issued in respect of that motor-vehicle shall be forthwith surrendered to the Commissioner, and if not so surrendered may be seized by any police officer or constable and delivered to the Commissioner; and the further registration and licensing of that motor-vehicle shall be subject to the payment of the fees payable in respect of registration and licensing of the motor-vehicle provided for in section 47 of the Act. In like manner, upon the transfer of a motor-vehicle in respect of which the licence was issued free of charge or at a nominal fee by virtue of an Order in Council, the number-plates issued in respect thereof shall be forthwith surrendered to the Commissioner or may be seized and delivered to him.

#### TRANSFER OF TRAILER LICENCE.

5. Upon receipt of a notice in writing signed by the holder of a trailer licence and by the purchaser to whom the trailer has been transferred stating the fact of such transfer and requesting a transfer of the licence, and upon payment of a transfer fee of seventy-five cents, the Commissioner may transfer the licence to the purchaser of the trailer: Provided that in the case of the sale or the transfer of a trailer registered and licensed without payment of fees in respect thereof under the provisions of subsection (4) of section 4 of the Act, no transfer of such licence shall be made to any purchaser or transferee other than a municipality or a person who has lost a limb through active service in the Great War. Where a trailer so registered and licensed is sold or transferred to any such other purchaser or transferee the current licence and number-plates issued in respect of that trailer shall be forthwith surrendered to the Commissioner, and if not so surrendered may be seized by any police officer or constable and delivered to the Commissioner; and the further registration and licensing of that trailer shall be subject to the payment of the fees payable in respect of registration and licensing of the trailer provided for in section 47 of the Act. In like manner, upon the transfer of a trailer in respect of which the licence was issued free of charge or at a nominal fee by virtue of an Order in Council, the number-plates issued in respect thereof shall be forthwith surrendered to the Commissioner or may be seized and delivered to him.

#### LICENSEE'S SIGNATURE.

6. No form of licence prescribed by these regulations shall be complete, nor shall any licence issued under the Act be valid, unless the signature of the licensee appears on the face thereof in the place prescribed therefor.

#### DUPLICATE LICENCES.

7. Upon receipt of an application in writing accompanied by such evidence as the Commissioner may require as to the loss or destruction of any motor-vehicle licence, and upon payment of a fee of fifty cents, the Commissioner may issue to the licensee a duplicate of the licence.

#### MINOR'S PERMIT FEE.

8. The fee payable for a permit issued under the provisions of subsection (2) of section 19 of the Act shall be one dollar.

#### PERMIT FOR TEMPORARY OPERATION.

9. The Commissioner may grant to any person a permit for the temporary operation, subject to this regulation and the terms of the permit, of a motor-vehicle or trailer upon any highway for the purpose only of its transportation from one place in the Province to another, without being registered or licensed pursuant to the Act. The applicant for the permit shall pay a permit fee equal to the part of the annual licence fee under the Act for a motor-vehicle or trailer of like weight proportionate to the time of its proposed temporary operation under the permit, but the permit fee shall not be less than two dollars. The permit shall be subject to such conditions set out therein as the Commissioner may prescribe, including the display upon the motor-vehicle or trailer while in operation upon a highway of special number-plates issued by the Commissioner and the exhibition of the permit at all times on request of any police officer or constable. The Commissioner may also require the applicant to deposit a sum of money, not exceeding fifty dollars, which shall be returnable to the applicant upon the surrender to the Commissioner of the special number-plates within the time fixed by the permit, but otherwise shall be forfeited to the Crown.

#### METHOD OF DETERMINING RATED CARRYING CAPACITY.

10. For the purpose of computing the amount of annual licence fees payable under the Act in respect of any trailer, the rated carrying capacity of the

trailer shall be that fixed and advertised by the manufacturer thereof, or, if not so fixed, the Commissioner or any person authorized by him may determine its rated carrying capacity.

#### POWER TO DETERMINE DISPUTES.

11. Where any dispute arises as to the weight or carrying capacity of any motor-vehicle or trailer in computing the amount of fees payable in respect thereof, the Commissioner or any person authorized by him for that purpose may determine its weight or carrying capacity, and his decision shall be final.

#### INSPECTION OF MOTOR-VEHICLES.

12. The owner and every person in charge of a motor-vehicle operated or about to be operated on any highway for the purpose of carrying passengers for hire shall, upon the request of any officer or constable of the Provincial Police, or of the Police Force of any municipality, forthwith take the motor-vehicle to a place designated by the officer or constable, and shall submit the same there for inspection and testing.

#### DEFECTIVE MOTOR-VEHICLES.

13. Where in the opinion of any officer or constable of the Provincial Police, or of the Police Force of any municipality, a motor-vehicle is by reason of any mechanical or constructional defect unsafe for the carrying of passengers, no person who has knowledge of the defect and of the opinion of the officer or constable shall operate that motor-vehicle or cause it to be operated on any highway for the purpose of carrying passengers for hire until the defect has been remedied to the satisfaction of the officer or constable.

#### INSPECTION OF MOTOR-VEHICLE LIGHTS.

14. The owner and every person in charge of a motor-vehicle driven or operated or about to be driven or operated on any highway shall, upon the request of any officer or constable of the Provincial Police, or of the Police Force of any municipality, forthwith take the motor-vehicle to a place designated by the officer or constable and shall submit the same there for the inspection and testing of the lights with which the motor-vehicle is equipped.

#### CERTIFICATES OF LIGHT ADJUSTMENT.

15. Where any officer or constable of the Provincial Police or of the Police Force of any municipality is satisfied, either from an inspection of a motor-vehicle on the highway or at a testing-station, that the lights with which the motor-vehicle is equipped are in need of adjustment, he may deliver to the person in charge of the motor-vehicle a notice in writing requiring him to cause the lights or any of them to be adjusted and proof of the satisfactory adjustment thereof in compliance with the regulations to be furnished to the officer or constable within forty-eight hours after the delivery of the notice. Proof of satisfactory adjustment for the purposes of this regulation may be furnished by a certificate of adjustment signed by the owner or manager of an adjusting-station approved by the Commissioner at which the lights have been adjusted, or by a certificate of an officer or constable of the Provincial Police to whom the motor-vehicle is submitted for testing after the lights have been adjusted.

#### LIGHT-ADJUSTMENT STATIONS.

16. Upon proof to the satisfaction of the Commissioner that any garage or service-station is equipped with adequate facilities and a competent staff for the testing and adjustment of lights, he may, without the payment of any fee, issue to the owner or manager thereof an approval in writing constituting that garage or service-station an approved adjusting-station for lights for the purposes of this regulation; and the Commissioner may at any time, in his discretion, revoke and cancel any approval so given. As a condition of his approval of adjusting-stations the Commissioner may fix a maximum fee or charge which shall be observed in

respect of the adjustments of lights and the furnishing of certificates of adjustment.

#### RECORDS OF REPAIRS.

17. The owner or manager of every motor-vehicle repair-shop or garage shall keep a record in writing of all repairs made therein to the body, hood, radiator, fenders, running-board, or wheels of any motor-vehicle, showing the make and style of the motor-vehicle, its licence number, the name of the person procuring the repairs to be made, the nature of the repairs, and the date on which the repairs are made, and shall upon the request of any officer or constable of the Provincial Police, or of the Police Force of any municipality, furnish to the officer or constable complete information respecting the repairs so made; and in the case of any motor-vehicle on which marks are found which have the appearance of or in any way resemble bullet-marks or blood-stains, the owner or manager shall immediately notify the officer in charge of the nearest Provincial or Municipal police office respecting the same.

#### EQUIPMENT ON MOTOR-VEHICLES KEPT FOR SALE.

18. No person who is engaged in the business of selling motor-vehicles shall keep for sale, or sell, or offer for sale any new or used motor-vehicle unless the head-lights, tail-light, and brakes with which the motor-vehicle is equipped comply in all respects with the requirements of the regulations made under the Act.

#### LAMP-BULBS KEPT FOR SALE.

19. No person shall keep for sale, or sell, or offer to sell any lamp-bulb designed or intended for use on or as part of the equipment of a motor-vehicle which is in excess of thirty-two candle-power.

#### AUTOMATIC SPEED-CONTROL ON MOTOR-VEHICLES FOR HIRE.

20. No person carrying on the business of letting motor-vehicles for hire without drivers shall let any passenger motor-vehicle for hire without a driver unless it is equipped with an automatic speed-control or governor, of a design approved by the Commissioner which will prevent the motor-vehicle from being driven or operated at a greater rate of speed than thirty-five miles per hour; nor shall any person drive or operate any motor-vehicle which is let for hire in contravention of this regulation. After adjustment, the speed-control or governor shall be locked or sealed by the person letting the motor-vehicle for hire for the purpose of preventing any unauthorized person from tampering with its adjustment; and no person other than the person letting the motor-vehicle for hire shall alter the adjustment of the speed-control or governor with which the motor-vehicle is equipped, or in any way unfasten or tamper with its lock or seal. The owner and every person in charge of a passenger motor-vehicle kept for letting or let for hire without a driver shall, upon the request of any officer or constable of the Provincial Police, or of the Police Force of any municipality, forthwith permit the officer or constable to inspect the motor-vehicle, and to test the adjustment and efficiency of any speed-control or governor with which it is equipped.

#### EQUIPMENT AND OPERATION OF SCHOOL BUSES.

21. Every person who drives, operates, or uses on any highway a motor-vehicle as a school bus shall observe and carry out the following provisions in addition to all other requirements of the Act or regulations:—

##### INTERPRETATION.

(a.) In this regulation, unless the context otherwise requires:—

“Inspector” means any person authorized by the Commissioner in writing to inspect and pass upon the fitness of school buses;

“Permittee” means the person to whom a permit is issued by the Commissioner for the operation of a school bus;

"School bus" means a motor-vehicle used for the conveyance of children to and from school, and operated by or under contract with the Board of School Trustees or other authority in charge of the school, but shall not include a passenger motor-vehicle duly licensed under Part V. of the "Highway Act."

#### INSPECTION AND PERMIT.

- (b.) No motor-vehicle shall be used as a school bus until it has been submitted to the Inspector for inspection and a permit for its use pursuant to this regulation has been obtained from the Commissioner. The Inspector, in addition to examination of the motor-vehicle as to mechanical fitness, construction, equipment, and seating capacity, may subject it to any test which he considers necessary, and he shall report the result of his inspection to the Commissioner for consideration in dealing with the application for the permit.

The permittee and every person in charge of a school bus shall, upon the request of any officer or constable of the Provincial Police, forthwith take the school bus to a place designated by the officer or constable, and shall submit the same there for inspection and testing.

Where in the opinion of any officer or constable of the Provincial Police a school bus is unfit for the carrying of school-children, no person shall operate such school bus or cause it to be operated on any highway for the purpose of carrying school-children until the defect causing such unfitness has been remedied to the satisfaction of the officer or constable.

#### CONSTRUCTION AND EQUIPMENT.

- (c.) The body of every school bus shall be of substantial wooden or metal frame and sides, all permanently and securely bolted to the chassis, and shall not have an overhang inconsistent with the length of the chassis used, but in all cases the length of the body shall be in proper proportion to the length of the chassis. A sign, consisting of the words "School Bus" in black letters not less than four inches in height on a yellow background, shall be carried in a conspicuous place on the outside of both the front and the rear ends of the body.

Every school bus shall be equipped with a standard speedometer and four-wheel brakes, which shall be maintained in effective working-order. All seats shall be securely fastened to the floor. The exhaust and heater lines shall be so constructed as to prevent any fumes entering the body. At least one fire-extinguisher of an approved type, in working-order, shall be carried in such a position as to be quickly obtainable by the chauffeur.

Every school bus shall be equipped with at least one emergency exit door located on the left-hand side at the rear, which shall be marked conspicuously both inside and outside with the words "Emergency Door" in black letters not less than two and one-half inches in height on a yellow background. This door shall be opened only in case of emergency, but its operation shall be tested daily by the chauffeur. The entrance and exit door shall be located on the right-hand side at the front, and shall be controllable from the driver's seat. The windows shall be of clear wire or other safety-glass and be so placed as to give the chauffeur an unobstructed view ahead, to the right, left, and rear; and the windows shall be arranged so that the children cannot put their heads or arms outside. Proper clearance lights shall be carried and kept in good condition. The provisions of this paragraph shall not apply to ordinary passenger motor-vehicles used as school buses.

No permittee shall change, reconstruct, materially alter, modify, or add to the body or seating capacity of any school bus after the permit therefor has been issued, without the written approval of the Commissioner or Inspector.

#### OPERATION.

- (d.) The permittee shall make or cause to be made a daily test of the brakes of each school bus operated by him, and shall not operate it unless the brakes are in effective working-order. The floors of school buses shall be washed at least once a week with water containing a disinfectant solution.

Children shall not be taken on or discharged from a school bus on any highway unless a clear and unobstructed width of not less than ten feet of the travelled portion of the highway is left for free passage of other vehicles, or a clear view of the school bus may be had for a distance of at least two hundred feet in each direction upon the highway. Children shall enter and leave a school bus only by the right-hand side, and then only after the school bus has come to a full stop. Children, or any person accompanying or in charge of them, shall not sit or stand on the left-hand side of the chauffeur at any time.

The chauffeur in charge of a school bus shall not permit any person to ride on the running-boards, fenders, or any part of the school bus other than the seats thereof. No school bus shall be permitted to coast at any time disengaging its clutch or by any other means.

If during any trip any part of a school bus, whether the same be an automotive or a vehicular part, becomes so defective or ineffective that continuing the trip would in the least endanger the safety or comfort of any passenger, the school bus shall be brought to a stop at a point off the line of travel, and shall not proceed with passengers until the defect is remedied or the danger removed. When a school bus becomes temporarily disabled so that it cannot be used, arrangements may be made for substituting such suitable equipment as is necessary in order to maintain satisfactory service. If the temporary substitution of such equipment will be required for a longer period than forty-eight hours, the Commissioner shall be notified of the substitution and shall have the right to make any order considered necessary in the circumstances.

No. 14387.

**N**OTICE is hereby given that "Canadian White Pine Co., Limited," was incorporated under the "Companies Act" on the 29th day of March, 1935.

The authorized capital of the Company is one million dollars, divided into ten thousand shares of one hundred dollars each.

The address of its registered office is 837 Hastings Street West, Vancouver, B.C.

The objects for which the Company is established are:—

(a.) To carry on the business, in the Province of British Columbia or elsewhere, of lumber operators, timber merchants, sawmill and shingle-mill proprietors, and to buy, sell, prepare for market, manufacture, import, export, and deal in timber and wood of all kinds, and to manufacture and deal in articles of all kinds in the manufacture of which timber or wood is used, and all the articles that can be made from or extracted from wood or the waste products of wood:

(b.) To search for, stake, lease, record, purchase, or otherwise acquire, sell and deal in, and pay for any information in regard to timber licences, timber leases, timber berths, and timber and wood lands of every description, and to cut, buy, and sell timber and forest products of all sorts, mill property, mill-sites, water rights and water records, right to build tramways, skidways, roads, foreshore rights, wharves, docks, piers, and other works for collecting, holding, protecting, driving, rafting, towing, sorting, delivering, and all other purposes incidental to the reception, safe-keeping, and transmission of timber, sawlogs, pulp-wood, and other lumber, and right to clear and remove obstructions from any lake, river, creek, or stream, and for making the same fit for rafting and driving thereon logs, shingle-bolts, timber, lumber, rafts or crafts, and to deepen or otherwise improve any lake, river, creek, or stream:

(c.) To purchase, charter, hire, build, or otherwise acquire, hold, maintain, repair, improve, alter, sell, exchange, let out to hire or charter, or otherwise deal with and dispose of steam and other ships or vessels or any shares or interests in the same, with all equipments and furniture, and to carry on all or any of the businesses of ship-owners, managers of shipping property, ship-brokers, shipping agents, freight contractors, carriers by land and water, factors, warehousemen, wharfingers, barge and scow owners, tug-owners, lightermen, towage contractors, and forwarding agents:

(d.) To seek for and secure openings for the employment of capital in British Columbia and elsewhere, and with a view thereto to prospect, inquire, examine, explore, and test and to dispatch, employ, and finance expeditions, commissioners, cruisers, experts, and other agents, and to report on all classes of property and enterprise for local or foreign corporations or private persons or firms:

(e.) To construct, acquire, or establish docks, slips, wharves, jetties, piers, workshops, buildings, machinery, warehouses, and other conveniences, and to carry on the business of proprietors of docks, wharves, jetties, piers, and any other business which can be conveniently carried on in connection with the same:

(f.) To acquire, construct, develop, maintain, and operate roads, tramways on lands owned or controlled by the Company, water-powers, reservoirs, watercourses, dams, flumes, conduits, aqueducts, and other works and conveniences which may to the directors seem calculated, directly or indirectly, to advance the Company's interests, and to contribute to, subsidize, or otherwise assist any such works undertaken by others:

(g.) To develop, accumulate, and utilize water-powers for the purpose of generating electricity or other motive force similar or otherwise, and to supply the same for the production, transmission, or use of power for lighting, heating, or motive pur-

poses in connection with the buildings and other works of the Company, with authority to sell or otherwise dispose of any surplus electricity or power generated by the Company's works, and to construct and operate lines for such purpose, subject to all local and municipal and Provincial laws and regulations in that behalf:

(h.) To construct, maintain, and operate single- or double-track or aerial or other tramway, with all necessary side-tracks and turnouts thereon for the passage of cars, carriages, and all kinds of vehicles capable of being used upon or in connection with a tramway upon, along, across, under, or above any lands, highway, roads, streets, or bridges which are in the line of any tramway built or intended to be built by the Company, and to erect, maintain, and repair poles and wires in the line of the tramway:

(i.) To acquire by purchase, lease, or otherwise, in British Columbia or elsewhere, any land, with or without buildings or erections thereon, which may seem suitable for the business of the Company:

(j.) To purchase, lease, or otherwise acquire, and to have, maintain, and operate, supply-stores, and sell and deal in general provisions, supplies, and merchandise:

(k.) To farm any land held by the Company, and for that purpose to buy and sell and deal in any farm stock or produce:

(l.) To carry on business as contractors and builders and manufacturers of and dealers in all kinds of builders' supplies, including stone, cement, lime, brick, terra-cotta, and all building materials:

(m.) To manufacture, buy, sell, and generally deal in any plant machinery, tools, goods, or things of any description which in the opinion of the Company may be conveniently dealt in by the Company in connection with any of its objects:

(n.) To carry on all or any of the businesses of general commission merchants, shipping agents, brokers, factors, importers and exporters of and dealers, wholesale and retail, in sawlogs, timber, lumber, wood, wood-pulp, and all articles of which wood forms a component part, and generally in all kinds of wares and merchandise and products of every nature whatsoever:

(o.) To promote, form, organize, and register, and to aid and assist in the promotion, formation, organization, and registration of, any other company or companies, whether for the purpose of acquiring all or any of the assets of this Company or for any other purpose, with power to assist such company or companies by paying or contributing towards the preliminary expenses or providing the whole or part of the capital thereof, or by taking or subscribing for shares, preferred, ordinary, or deferred, therein, or by lending money thereto upon debentures or otherwise; to remunerate, either in cash fully paid shares or otherwise, the promoters or any persons assisting in the promotion of this Company or any company promoted by this Company; to pay out of the funds of the Company all or any of the expenses of and incident to the promotion, organization, registration, advertising, and establishment of this or any other company, and to the issue and subscription of the share or loan capital, including brokerage and commission for obtaining applications for, or placing or guaranteeing the placing of, the shares or any debentures, debenture stock, or other securities of this or any other company, and also all expenses attending the issue of any circulars, maps, plans, or notices, or the printing or circulating of proxies or forms to be filled up by the members of this or connected with this or any other company:

(p.) To enter into and carry into effect any arrangement for joint working in business, or for sharing of profits, or for amalgamation with any other company or any partnership or person carrying on business within the objects of this Company:

(q.) To apply from time to time for such legislative powers in the said Province of British Columbia or elsewhere as will facilitate the carrying into effect of the objects of the Company or any of them:

(r.) To purchase, take, or acquire by original subscription or in exchange for the shares, bonds, debentures, or other securities of this Company or otherwise, and to hold, sell, or otherwise dispose of shares, stock, whether common or preferred, debentures, debenture stock, bonds, and other obligations in any other company having objects similar in whole or in part to the objects of this Company, or carrying on any business capable of being conducted so as, directly or indirectly, to benefit this Company:

(s.) To enter into any arrangements with any Government or authorities (supreme, municipal, local, or otherwise) that may seem conducive to the Company's objects or any of them, and to obtain from any such Government or authority any rights, privileges, and concessions:

(t.) To do all or any of the matters hereby authorized either alone or in conjunction with, or as factors or agents of, or for any other companies or persons, or by or through any factors, trustees, or agents:

(u.) To carry on any business which may seem to the Company capable of being conveniently carried on in connection with the above or any portion thereof, or calculated, directly or indirectly, to enhance the value of or render profitable any of the Company's property or rights.

The word "company" in this memorandum, when applied otherwise than to this Company, shall be deemed to include any partnership or other body of persons, whether corporate or unincorporate, and whether domiciled in British Columbia or elsewhere; and the objects specified in each of the paragraphs hereto shall be regarded as independent objects, and accordingly shall be in nowise limited or restricted (except when otherwise expressed in such paragraph by reference to the objects indicated in any other paragraph or the name of the Company), but may be carried out in as full and ample a manner and construed in as wide a sense as if each of the said paragraphs defined the objects of a separate, distinct, and independent company.

## LEGISLATIVE ASSEMBLY.

## PRIVATE BILLS.

EXCERPT FROM STANDING ORDERS RELATING TO  
PRIVATE BILLS.

100. (1.) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2.) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3.) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4.) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1.) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

- (a.) A printed copy of such Bill:
- (b.) A copy of the petition to be presented to the House:
- (c.) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2.) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3.) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the

extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1.) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2.) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring  $10\frac{3}{4}$  inches by  $7\frac{1}{2}$  inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated May 1st, 1930.

473-my1 W. H. LANGLEY,  
Clerk, Legislative Assembly.

### "MARRIAGE ACT, 1930." (Chapter 41, Section 37.)

WHEREAS Joseph Marshall, of Lower Nicola, in the Province of British Columbia, and Harriet Mary Paton, of Merritt, in the Province of British Columbia, were by Licence Number 12288B, duly issued, purported to be joined in matrimony by Rev. J. E. Barrett at the City of Merritt on the 26th day of February, 1935:

And whereas it appears that the said Rev. J. E. Barrett was not authorized under the provisions of the "Marriage Act" to perform the ceremony of marriage between the said parties:

And whereas evidence, by statutory declarations, has been filed with me in the terms of section 37 of the "Marriage Act":

Now, therefore, I, the undersigned, by virtue of the powers in me vested by said section 37, do hereby declare the requirements of the "Marriage Act" as to the registration of the said Rev. J. E. Barrett to solemnize marriages to be waived in respect of the marriage ceremony performed by him as aforesaid; and I do hereby further, by virtue of said powers, declare that the said marriage shall be deemed to be and is and has been from the date of

the solemnization thereof a lawful and valid marriage.

Given under my hand at Victoria, British Columbia, this 11th day of April, 1935.

H. E. YOUNG,  
Registrar, Births, Deaths, and Marriages.
